

URAC ACCREDITATION IS THE MARK OF HIGHEST QUALITY DIGITAL HEALTH CARE

URAC is the worldwide leader in digital health accreditation. Showcase your commitment to the highest quality and outcomes in telehealth and remote patient monitoring.

Which program is right for you?

URAC's digital health
accreditation programs
are your competitive
advantage in an increasingly
crowded marketplace

TELEHEALTH ACCREDITATION

For organizations that provide care directly to patients, either episodic or ongoing, or organizations that use digital services for providers to connect with other providers. URAC Telehealth Accreditation defines excellence in telehealth.

REMOTE PATIENT MONITORING ACCREDITATION

For programs focused on ongoing digital patient care, through monitoring patients' health remotely from the patient. URAC's Remote Patient Monitoring Accreditation Program is the first comprehensive set of standards to assess many of the key aspects of an RPM program.

TELEHEALTH SUPPORT SERVICE CERTIFICATION

Telehealth Support Service Certification is ideal for organizations that support entities caring for patients directly. URAC's TSS certification includes three modules:

- Technical Support
- Clinical Support
- Practice Education

Join URAC clients – leaders in the industry – in showcasing your commitment to high-quality health outcomes and safety.

URAC is a member of the International Society for Telemedicine and eHealth, an NGO in Official Relations with the World Health Organization
